Re: Antiques

Gentlemen:

I have been instructed by Prof. Elia Volpi of Florence, Italy, who you will undoubtedly remember, to forward you a list of the art goods which were withdrawn from the last auction sale at the "American Art Gallery," on March and April 1st and which we are offering at private sale.

The above articles are fully described in Prof. Volpi's catalogue issued for said sale and should be of great interest to any Museum or Institute of Art, besides, we are also offering for sale the famous wax model of David, by Michaelangelo, which is a real rarity and undoubtedly one of the most important masterpieces that has ever been brought to the United States.

We are offering further, for sale, a beautiful painting of a little girl, supposed to be by Raffaello or his school.

If any of the articles mentioned in the list are of any interest to your museum, we shall be pleased to send you all necessary information. I may add that Prof. Volpi has authorized me to grant any facilitment of payment which may be desired.

Should you not have received Prof. Volpi's catalogue, at the time of the sale, please advise us and we shall be pleased to forward you immediately a copy of same.

All the goods mentioned are in view at this gallery and it will afford us great pleasure to have any person authorized by you, inspect same.

Hoping to have the pleasure to read you on the subject, I beg to remain,

Very truly yours,

P.B. De Volpi
